

SETUP INSTRUCTIONS

Step 1: Expand Framework (A) making sure that circular knobs are on top.

Step 2: Connect Magnetic Strips to Framework (B).

Step 3: Remove lights (C) from top of hard case, assemble parts as illustrated. Slide back of light under Framework to set light into position.

Step 4: Attach graphics, first by hooking onto circular magnetic knobs, then attaching to the Magnetic Strips on the Framework. Wrap the endcaps around to the back of the frame. (D)
