

SETUP INSTRUCTIONS

Step 1: Assemble Row 1 using panels 1A–1F. Panel names on the bottom right corner of the panel (A). Connect hubs to the bottom corners of panel 1A, then connect panel 1B to the hub of 1A. Repeat this process with panels 1A–1F (E). 1As, 1Fs go behind 1A, 1F, and panels 1Bs, 1Es are placed perpendicularly behind 1B and 1E (B).

Step 2: Repeat Step 1 using panels 2A–2F.

Step 3: Put hubs on the top corners of panels 2B and 2E with the hub logos facing away from each panel for shelf installation. Leave hubs off the top outside corners of panels 2A, 2Bs, 2Es, and 2F (B).

Step 4: Insert a shelf in the top hubs of panel 1B by aligning the shelf slot with the hub slot (C). Put hubs on the opposite side of the shelf, and push them onto the tops of panels 1A and 1Bs (D).

Step 5: Repeat Step 4 by inserting a shelf into the hubs of panel 1E (F).

Step 6: For Row 3, repeat Step 1 with panels 3A–3F, which have graphics and no blank support panels (G).

Step 7: For Row 4, repeat Step 6 using panels 4A–4F. Wall 6 is now complete (H). See Reverse.

PARTS

- (a) 2x2 Graphic Panels (18)
- (b) 1x2 Header Panels (6)
- (c) 2x2 Support Panels (4)
- (d) 2x2 Shelf (2)
- (e) Connector Hubs (39)
