

SETUP INSTRUCTIONS

Step 1: Remove the Bamboo X-Stand from its bag, and remove the twist-tie.

Step 2: Insert the top legs into the center cross bracket (A). Make sure the hooks are facing the same direction as the bottom legs.

Step 3: Insert the back leg into the back of the center cross bracket. Spread the bottom legs apart (B).

Step 4: To install the graphic, lay the banner flat, face-down. Insert the top hooks through the top eyelets of the banner. Flex the bamboo legs to insert the bottom hooks through the bottom eyelets of the banner (C).

Step 5: Stand the display upright so it's standing on the bottom legs and back leg.
